I MET A MAN

Tumbleweed Smith came to Hondo last week and through his visit I met a man.

Many area listeners of Radio Station are familiar with Tumbleweed's program 'The Sound of Texas' through which he records the voices and sounds of Texas—many of which are fast disappearing—for posterity.

Tumbleweed is really Bob Lewis of Big Spring, an easy-to-meet, easy-to-talk-to individual who cannot help but become emotionally involved in the stories of the many persons he interviews.

That is one reason he came back to Hondo. He wanted to interview Bob Breiten of Dunlay.

Most Medina County residents know the story of Bob. It has been recorded before. But while I listened to his interview with Tumbleweed Smith, I became firmly convinced that it could be recorded time and time again and never lose that heart-tugging impact contained in every story where man has conquered adversity.

Breiten is a victim of polio. He says that back in 1952 just as Dr. Salk was perfecting the vaccine that conquered the dread disease, polio decided to take "one final fling and he zapped me a good one; he really layed me low."

And it did. Bob is paralyzed completely from the chest down and spends his time in a special chair or bed always with a respiratory device aiding him in his breathing.

However, no matter how hard a blow the disease delivered him, Breiten is not down. Not by a long shot. His indomitable spirit and unwavering faith, combined with an intense desire to live have given him something that we all would hope to have should we be stricken by adversity.

He still looks at life as a challenge. Every day gives him a hill to climb, a task to conquer. And that he does.

Bob makes guitars. That's right. He makes complete guitars, with their beautifully curved throats and their wired-for-amplification sounds. He has made about nine in the past two years.

"I do it mostly so that my younger son can have them to pick on," Bob explains. "Although I did sell one electric steel guitar to a friend in San Antonio."

Bob says he also has made a new type instrument, a Bang-guitar, which looks like a

At last it's going up

Work has started on the \$75,000 radar weather station at Hondo Air Base. Blocks on one of the buildings are going up this week on the new facility to be located near the housing units on the base. The installation, one of only two planned in Texas, has been in the planning stage since 1967. Bids were finally opened last November

with the contract awarded to Carlisle and Carlisle of Uvalde. To be constructed is an office building 32x46, an emergency generator building 10x22 feet, and a 70-foot steel radar tower with an 87-foot dome. When in operation, the installation is expected to employ six or seven people with an annual payroll of \$50 to \$60,000.

Court consents to change of venue to Uvalde for Elipidio Esquivel trial

Elipidio Esquivel will stand trial in Uvalde County. District Judge Ross E. Doughty of Uvalde granted a change in venue from Medina County Friday after hearing arguments by Esquivel's attorney.

The trial was to have opened in Hondo Monday.

Esquivel is charged with the rape of a 26-year-old mother of three a year ago last

December north of Castroville. He is one of three charged with the offense.

Earlier his attorney had asked that the indictment be thrown out, charging that Medina County grand juries contained a disproportionately large number of persons with Anglo surnames.

He lodged a similar com-

plaint against the trial jury panel, claimed his client could not receive a fair trial here, and asked for a change of venue.

Judge Doughty denied the motions, and later called for a new trial jury panel.

The vast majority of surnames on the new jury panel were Anglo, and the attorney

again asked for a change in venue and it was granted.

Esquivel's lawyer also asked the court for a continuance, and asked that the names of other defendants in the case be deleted from his client's indictment.

Judge Doughty granted both motions.

No trial date has been set.

50% cut predicted in broom corn crop

Only half as much broom corn will be planted in the Hondo area this year as was put in the ground last spring. That's the report from George Koch, local broom corn grower.

Koch was quoted this week in Broom and Broom Corn News.

According to the publication, Koch based his estimate on his belief that more farmers are planning to plant additional grain this year because they can do so without penalty under the 1971 farm program.

The publication also noted that drought conditions exist in Mexico broom corn areas as

well as in Texas. Northern Mexico, it says, has received no rain since September, and if none comes before March, Mexican crops will be sharply curtailed.

Given good weather, Mexico will probably plant more

broom corn than last year, the publication says.

Eight civil cases were called for trial in district court here last Monday, but all were settled out of court.

Medina hospital Medicare survey is scheduled

Medina Memorial Hospital was to have taken the second step yesterday toward regaining its Medicare certification.

Hospital administrator Melvin Finger said Tuesday the facility was scheduled to be surveyed Wednesday by a Texas State Health Department representative.

Last week an application was completed and forwarded to authorities.

The health department representative scheduled to visit Medina Memorial Hospital was to have checked the facility to determine if all regulations necessary to qualify for Medicare are being met.

Last year the hospital lost

its Medicare certification, a move that brought inconvenience and, in some cases hardship, to older people in the area covered by Medicare under Social Security.

A number of reasons were given for decertification, however most requirements were of a nature that they could be met by the hospital.

One requirement, however, that a registered nurse must be on duty 24 hours daily, could not be met. Hospital authorities have attempted for quite some time to hire an adequate number of nurses to meet the requirement.

In spite of advertisements in newspapers and trade publications, as well as other efforts to hire the required number of nurses, the hospital was unable to obtain the necessary number.

Legislation enacted in the closing days of the Congress has been signed by the President which is expected to provide relief for Medina Memorial Hospital and other rural area facilities in similar straits.

The law allows the Secretary of Health, Education and Welfare to waive the 24-hour nursing requirement under conditions existing in Hondo.

US Rep. Abraham (Chick) Kazen was in Hondo two weeks ago to confer with local officials on the new law. Hospital officials told Kazen they believed the law opened the way for Medina Memorial Hospital to be recertified for Medicare.

Hospital may avoid sprinkler system

Medina Memorial Hospital will apparently escape the expense of installing a fire prevention sprinkler system in the building.

Stephen Avar of the Texas State Department of Health visited Medina Memorial Hospital last Friday, hospital administrator Melvin Finger said. Avar reviewed blueprints of the institution, Finger said, and told the administrator that in his opinion, the hospital would not have to install a sprinkler system.

The possibility of such an expense was mentioned to hospital officials two weeks ago

by US Rep. Abraham (Chick) Kazen when he was in Hondo.

Kazen said some hospitals were being told they would have to install sprinkler systems, even though the institutions were relatively new and had been constructed in accordance with regulations set forth by the federal government.

Now hospital authorities are keeping their fingers crossed. They know there's always a possibility that some other government official will decide Medina Memorial must, indeed, have a sprinkler system.

County agricultural income expected to hit \$21 1/2 million in '76

Cash income to farmers and ranchers in Medina County should be more than \$21,500,000 by the end of 1976, according to Glenn Bragg, county agricultural agent.

This will be an increase of more than \$2,900,000 from

1968-69 figures, with Live-stock and Grain Sorghum contributing a large part of the gain. The projections are based on studies of the Texas Agricultural Extension Service and are part of the "3,76 in '76" program, a state-wide project to increase Texas ag-

ricultural cash receipts by more than one billion dollars.

Total cash receipts from all agricultural enterprises in Medina County are presently about 19,200,000, says Bragg. The most important ones are Beef Cattle, Grain Sorghum, and Corn. They are expected

to account for about 50% of the projected 1976 totals.

The county will be aided in its production efforts by Extension Specialists. Extension specialists will hold meetings on various topics throughout the year each year prior to 1976 to discuss improved pro-

duction of corn, grain sorghum, vegetables and livestock.

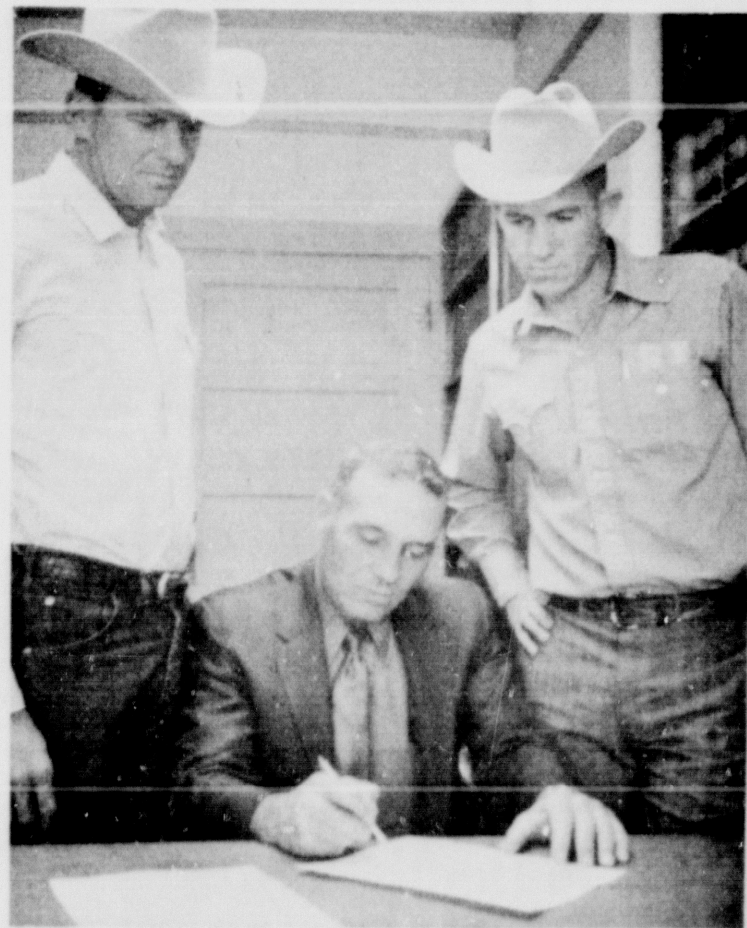

The projections are based on estimates from the County Program Building Committee; after separate predictions were made by Extension economists. The figures were published for

each county. Extension district and economic area in Texas.

"Medina County producers will have access to production information and techniques that can help spell success for the Texas goal of \$3,76 billion in 1976," says Bragg.

Proclamation signed

County Judge Jerome Decker signs a proclamation designating the week of Jan. 25-29 as 3,76 week in Medina County. The figure represents the goal of \$3.76 billion cash receipts for Texas agricultural income by the end of the 1976 crop year. Medina County is expected to account for \$21,563,120.00 of the 3,76 goal. Floyd Saathoff (I), chairman of the county program building committee, and Glenn Bragg, county agent, witness signing of the proclamation.

In the Anvil Herald's opinion

Ambulance service needs help

One of the most humane, and perhaps the best government project ever devised is about to end in early death—unless the people raise their voices and demand it be kept.

The Helicopter Ambulance Service provided by a federal Defense Department plan through the Alamo Area Council of Governments has proved its worth in the short six months of its existence.

But, the government wants to stop providing the service, after an extension until March 31.

This service has been utilized at least five times in Medina County and both Sheriff Charles J. Hitzfelder and Medina Memorial Hospital Administrator Melvin Finger are firmly convinced of its worth.

Finger says that he can envision the helicopter serving going to the actual scene of accidents on a call by law enforcement officers. "This

way there is no double handling or delay on critically injured persons," he pointed out.

Sheriff Hitzfelder cited several times the helicopter transported people to San Antonio hospitals, specifically when a Pearsall youth was accidentally shot. "This fast service saved his life," Hitzfelder said.

Numerous other "mercy flights" in the South Texas area have convinced the Anvil Herald that this service is needed, is doing a fine job and can do an even greater job in the future. We believe the service can be continued if enough people relate their desires to Congress.

We therefore urge all Anvil Herald readers to write their expressions to U.S. Rep. Abraham (Chick) Kazen, U.S. Senator Lloyd Bentsen and U.S. Senator John Tower.

Deer herds in danger

Editor
Anvil Herald
Dear Sir:

If more farmers and ranchers in Medina County don't start supporting the Wolf Club, we are not only going to lose the government trapper and his program, we are going to lose more lambs, calves and deer.

There are no set fees for the club. Every farmer and rancher can send any amount he wishes to donate. This is

a small amount to pay for a service we need very badly in this county.

Both wolves and coyotes are becoming more numerous this season and they'll kill a lot of deer if we don't get after them now. It would be a terrible loss to the economy of this area to have our deer hunting ruined.

The government trapper we have now, Ross Smith, is a good one. But he is not permitted to go on private property to trap for predators unless he is requested to do so.

This is an appeal to fellow ranchers to send their donations to the Wolf Club, care of Hondo Chamber of Commerce, Hondo, Texas 78801. And, also to have the trapper come and work on their properties. Thank you,

Sincerely,
Herman J. Ney

Moves to Austin for 'duration'

"All 150 House Members were present for the opening day session that had its usual pomp and ceremony. Jo Ann joined me for this day as the girls remained in school in Hondo. My family is moving to Austin for the duration of the regular session and, without a doubt, will return to Hondo about June 1. We have enrolled the children in Austin schools and I know it will be a new experience for them to attend school in a larger city.

"My Hondo office will continue to function as usual and I am in daily contact with my staff there in order to give the best possible service to the constituents.

EFFECT OF QUESTIONNAIRE -- "Many citizens have asked me what happened to the questionnaire that I mailed out in October of last year.

I was pleased to respond by saying they have been carefully read and tabulated as published a short while ago. It is probably interesting to observe that the result of those taking the time to respond to this questionnaire have had their views known statewide.

I think these views are very representative of not only rural Texas but many of the fringe areas of metropolitan sections of this State. I hope to keep reminding my colleagues of these views and opinions as the crucial days of this session of the legislature progress and we eventually write another chapter of Texas history.

A BIT OF HONEY -- "The Industrial Foundation and Chamber of Commerce of Uvalde furnished me with a small jar of Uvalde honey for each member of the Legislature. House Speaker Gus Mutscher and Governor Smith were given a more impressive size to be commensurate with their responsibility in the coming months. It seems that this has been a tradition for Uval-

de and I noticed that veteran members looked forward with anticipation to receiving this product from our area. The most important aspect of this presentation is the indication of Uvalde folks to be progressive and interested in furthering opportunities of our trade area.

A MAJOR APPOINTMENT -- "I was surprised and pleased to hear the Speaker of the House announce in the opening session that I had been appointed to the temporary House Administration Committee. The Speaker also indicated that those on temporary committees would be appointed to the standing committees and I certainly accept the appointment as both a compliment and a challenge. This committee is responsible for major decisions pertaining to individual members, their conduct and allowances, along with their rights and privileges as a member. The permanent committee assignments will be announced on Thursday, Jan. 21, and we all are anxious to see the "open line-up" on these permanent committee assignments.

Annual Boy Scout Banquet is Monday

Scouters from Hondo and Medina County are expected to be among the 3,000 due to attend the annual banquet of the Alamo Area Council, Boy Scouts of America, in San Antonio on Monday, Jan. 25.

The dinner and program will be in the Banquet Hall of the Convention Center starting at 6:30 p.m.

Main speaker for the evening will be Gen. Bruce Palmer, Jr., vice chief of staff of the U.S. Army. He will fly

from Washington, D.C., for the program.

Another highlight of the evening will be revelation of the names of the eight adult volunteers who will receive the Silver Beaver award for 1970. This award is the highest a local council can give an adult Scouter.

A native Texan, Gen. Palmer was born in Austin, and early in his career served at Ft. Bliss, El Paso. He is a veteran of World War II, fighting

in North Africa and the Pacific.

He also saw action in the Dominican Republic in 1965, commanding U.S. ground troops there, and served in command posts in Vietnam 18 months. Gen. Palmer also has served in Korea and West Germany. He has been vice chief of staff since Aug. 1, 1968.

Officers attend 3-day school

Floyd Williams, Medina County chief deputy sheriff, and Jerry Williamson, Hondo chief of police, attended a three-day law enforcement school on narcotics last week in New Braunfels.

Classes were held last Tuesday, Wednesday and Thursday, and were sponsored by the Department of Public Safety Narcotics Division and the New Braunfels Police Department.

Those attending were instructed in the techniques and legal aspects of searches and seizures involving narcotics, Williams said.

guitar but is tuned like a blue grass banjo.

He used to make leather billfolds, but says that costs of leather and materials are so high he has just about stopped them. "By the time I pay for the high cost of materials I have to charge too much for the billfolds," he said.

Bob Breiten greeted Tumbleweed Smith like a long-lost friend. He had talked to the roving reporter once on the phone when Tumbleweed visited KRME. At that time one of the recordings over KRME told of an 80 year old man near Temple who makes knives so sharp and of such high quality that even doctors order them.

Bob got the address and ordered two knives. He showed them to Tumbleweed last week and said he now is ordering a special boning knife.

Tumbleweed spent almost an hour in Breiten's home, listening to Bob give his philosophy on the low blow slapped on him by life.

"You have to learn to accept it," he says. "It happened; there is nothing you can do about it; so accept it."

"I remember for the first six months after polio hit me I could not accept it. Then I decided that there was nothing to do but accept the inevitable or make life miserable for me and my family."

Bob gets out at times. He and the family goes riding on pretty Sundays for brief visits around the area. But most of the time he is at home, working on his projects and listening "to KRME", where he first heard "The Sound of Texas" program.

"I think it is one of the best programs I have heard," he says. "It tells about people. It allows people to tell about their hobbies, their lives. And after all this is Texas, the thousands of persons whose everyday lives go unrecorded but have a definite impact on the history of the state and country."

Bob will be happy to know that Tumbleweed Smith's "Sounds of Texas" will continue on KRME. Art Formann at Medina Savings Association liked them too, and will sponsor them over KRME.

Tumbleweed will be happy also for reasons other than money. He is happy his program reaches and entertains people like Bob Breiten. And he wants Bob's story to reach other people. That is why he made the interview and hopes it will be broadcast sometime in April.

He wants other people to hear Bob's story because as he said when leaving the Breiten home in Dunlay: "There's a man, a big man I want the world to know about."

Those are my sentiments exactly. That is why I feel Bob Breiten's story is worth telling over and over.

Twenty-six attended religious training meet at St. John's

On Wednesday, Jan. 13, teachers of St. John's School of Religion met in the school library to hear Sister Mary Ruth Murphy from the Confraternity of Christian Doctrine office in San Antonio.

During the two sessions Sister Mary Ruth spoke on teaching methods used with Sadlier's "On Our Way Series" and those used with "Hi-Time Series". She left this thought with the teachers: Teaching religion is an extension of one's faith through faith, hope and charity to another's realization of faith.

Those attending the training sessions were: Sister Madelyn, Sister Maureen, Father Emmett Carolan, Mmes. Tom Steddum, Bill Laughinghouse, Della McDowell, Frank Rodriguez, H. D. Eckhart, Glenn Pope, Claude Wengenroth, James Richter, Harold Rieber and Damon Westbrook.

Also, Mmes. Mike Ball, Jimmy Rogers, James Tschirhart, Jerome Zinsmeyer, Misses Aileen Koch, Monie Koch, and Mary Lou Lopez and James Richter, Dora Hernandez, Raul Lopez, Harlan Wolff, Eddie Zerr and Bill Laughinghouse.

Conservation

Six projects approved

In a regular meeting of the directors of the Medina Valley Soil and Water Conservation District new conservation plans were approved for Leo A. Bohl Jr., J.J. Hoffman, Roy A. Bohl, James B. Mitchell, James O. Evans Jr. and David M. Beck.

Plans were prepared by the farmers and ranchers with the assistance of Soil Conservation Service technicians. Any land user can obtain technical assistance on soil and water conservation problems from the Soil Conservation Service if a request is made through the Soil and Water Conservation Districts.

Soil Conservation Service technicians furnish technical assistance to farmers and ranchers who participate in the Agricultural Conservation Program on practices where engineering assistance is needed. In the 1970 program year the Soil Conservation Service assisted on 31 stockwater ponds, 3 acres of sodded waterways, 40 acres of shaping and seeding critical areas, 31,560 feet of terraces, 3 diversion terraces, 139 acres of land leveling and irrigation pipelines on 11 farms.

This week

That's all she wrote

by Edna McDade

Unable to resist the label's instructions of "do-not-open-until", John received an original, signed limited edition, (No. 466 of 1000) painting by DONALD M. YENA, an admitted Yankee who transplanted to CASTROVILLE when he was only three years old, in itself an early sign of good judgement.

"Border Town Bandits" is the title and one can almost smell the powder from the guns! The locale might be almost any border town as I remember them. There is a Hotel Eagle (circa 1895), rooms \$2 a day and meals extra; and a pay-your-money-&-take-your-chances hostelry "Cuartos y banos 25c."

A street vendor crouches under his "fruta" cart and I can imagine his plea of "Madrecita de Dios" as he seeks shelter. The horse-mounted banditos wear cartridge belts slung across right or left shoulders. And, on a clear day, one would listen for the squawks of the chickens as they lose feathers in their terrified flight, down the narrow, dusty street.

With thanks to the artist from Medina County, and one of John's good Texas friends, I can enjoy the picture of the duration of my visit.

The Lititz, Pa. Moravian congregation observed its 211th consecutive Christmas Vigil series this week with four identical services. Through the courtesy of John's secretary, who is a member, we were given tickets and attended the Sunday evening service in which 130 instrumental and vocal musicians participated. Several hundred persons are turned away each year because of the limited seating capacity.

The brass choir played on the Church Square, heralding each service. The sound came loud and clear in the moonlight stillness of a cold night under a star spangled sky.

Within the church, which seats about 600, lights were extinguished as the combined choirs sang "Stille Nacht" in German. Lighted candles were placed in each window of the 214-year buildings which line the Square.

During the song festival, a traditional Moravian Lovefeast of sweet bread and coffee was served by a corps of men and women Dieners (servers), symbolizing the meal practice of Jesus and his followers as told in the Biblical books of Acts and Jude.

Again, with the church in darkness, the congregation held lighted beeswax candles as the choirs sang "Mache dich auf, werde Licht!" from manuscript in the original German. A Moravian chorale, written in 1824 by one of the church pastors, closed the service. It was to be repeated again twice on Christmas Eve.

Throughout the evening, I was reminded of the St. Paul Lutheran Church at home. I am mailing a copy of the order of worship to Pastor A. M. HAN-NEMANN.

February draft for Texas will be 1,185

Col. Melvin N. Glantz, state director of Selective

Service, announced the February draft call. The state will induct 1,185 men, and all will be called from the extended priority selection group and the first priority selection group for 1971.

Burglars hit home

Eight guns and five pieces of fishing equipment were stolen from the Gerald Nickle residence 17 miles northeast of Castroville last Friday.

Sheriff C. J. Hitzfelder and Chief Deputy Floyd Williams investigated the theft. They said a back door was broken in during the daylight burglary.

Glantz explained that the extended priority group includes all selective service registrants who were classified in Class I-A, I-A-O, or I-O on Dec. 31, 1970 and whose lottery number was reached by their local boards in ordering men for induction in 1970, but who, for one reason or another, were not ordered to report for induction.

SOCCER GOAL COMING UP?

... no, rebound gets away from Lee Green

Hondo rally falls short; Wildcats win 58-56

A fourth quarter Hondo rally fell short Friday night, and the Owls dropped a 58-56 contest to Carrizo Springs. The loss moved Hondo to 3-2 in district, and left the visiting Wildcats undefeated in loop play with 5-0.

Al Majek, an all-district selection last year as a sophomore, led the Cat attack with 29 points. Sophomore Keith (Kebo) Ligon led Owl scorers with 16.

Eric Grant had 12 for the Owls, and Lee Green, the only other Owl to hit in double figures, scored 10.

Hondo went into the final

quarter on the short end of a 45-38 count. Ligon's jumper plus a free throw by Green narrowed the gap to 45-41.

After Gibson's jumper moved the score to 47-41, Knowles dropped in a free throw, Grant scored off a jump shot and Knowles drove for a layup, and it was 47-46.

But Majek and Bookout both scored field goals to move the Wildcats out in front 51-46.

Green's rebound helped a little, but Majek hit the net again. Green came back with a layup, and Majek again scored to make it 55-50 with time slipping away from the Owls.

Grant popped in a jumper which was matched at the other end by Bookout and Gordon Wiemers hit on a jumper. That bucket made the score 57-54.

Bookout scored the final Cat field goal, and Ricky Powell's jumper wound up the Owl scoring.

The Owls had to play catch up all night long.

They were down 13-4 late in the initial period, but Lonnie Knowles scored on a free throw, and Ligon put in a rebound to make the score 13-7, Wildcats, at the quarter.

The Owls outscored the visitors 13-11 in the second period, and managed to pull to a 24-20 deficit at half-time, largely on a late quarter rally.

After Gibson's jumper moved the Wildcats out by 11 at 21-10, the Owls began to catch up.

A layup by Grant, Green's free throw, a bucket from the key by Ligon, and Green's short shot pulled the Owls to within 4 at 22-18.

Johnson broke the Owl string, scoring on a layup, but Grant laid one on the boards before the half ended, leaving the Owls short at 24-20.

Carrizo Springs scored 21 points in the third period, the Owls managed to tie the score with 6:10 still to play in the quarter.

Majek scored on a jump shot and hit a free throw for the only Wildcat points. Meanwhile, Ligon warmed up. The

Owl high post man connected on a pair of jump shots and canned a free throw. His jumper in the key knotted the score at 27-27.

From there, Majek and company regained the lead, and ended the quarter out in front 45-38 to set the stage for the Hondo fourth quarter rally.

For the second game in a row, Hondo played without guard Tom Hill who has been sick.

Houston Astros turning toward spring training

When the new year arrives, the Houston Astros begin turning their thoughts toward the opening of spring training.

The start of pre-1971 preparations is less than six weeks away, with the first 26 players scheduled to report at the Astros' spring training base at Cocoa, Fla., on Wednesday, Feb. 17.

That first-day delegation will be made up of 21 pitchers and five catchers.

The other 17 players (nine infielders and eight outfielders) are scheduled to report on Tuesday, Feb. 23.

In each instance, the initial workout will be held on the following day.

Again in 1971, the Houston major and minor league players will be quartered at the Astrotown complex just west of Cocoa, Fla. All Astros' spring exhibition home games will be played at Cocoa Stadium.

General Manager H. B. (Spec) Richardson has announced the reporting dates.

Following are the 43 players (including five invited non-roster players) who will report to the Cocoa base:

PITCHERS (21) -- Jack Bingham, Wade Blasingame, Ron Cook, George Culver, Larry Dierker, Jack DiLauro, Rick Evans, Ken Forsch, Fred Gladning, Bill Greif, Tom Griffin, Skip Guinn, Buddy Harris, Denny Lemaster, Jim Ray, James Rodney Richard, Mark Schaefer, Scipio Spinks, Bob Watkins, Don Wilson, Larry Yount.

CATCHERS (5) -- John Edwards, Jack Hiatt, Larry Howard, Cliff Johnson, Otis Thornton.

INFELDERS (9) -- Ray Buese, Marty Martinez, John Mayberry, Denis Menke, Roger Metzger, Joe Morgan, Doug Rader, Derrel Thomas, Bob Watson.

OUTFIELDERS (8) -- Jesus Alou, Cesar Cedeno, Rich Chiles, Cesar Geronimo, Keith Lampard, Norm Miller, Jay Schlueter, Jim Wynn.

The full Astro squad will have 10 days of workouts prior to the opening spring exhibition game, Friday, March 5, against the Boston Red Sox at Cocoa.

SCORE ONE BUCKET FOR GRANT

... Eric cracks Wildcat defense for layup

Panthers ease past Hondo

Maurice DeCock scored 22 points for Medina Valley Tuesday night to pace the Panthers to an easy 74-62 win over the Owls.

The Panther guard picked up his field goals on easy fast break buckets, drives through the Owl defense and steals for easy layups.

Eric Grant paced Hondo scorers with 19 points, Keith (Kebo) Ligon had 15, and Gordon Wiemers hit 10.

DeCock got plenty of help from three of his mates. Jesus Cadena scored 17, Demitrio Garza had 14, and Wayne 11-tis added 10.

For the Owls, it was too much Panther zone defense, and cold Hondo shooting eyes. Medina Valley stole Owl passes, and fast broke off the zone.

The Panthers scored 20 or more points in every quarter except the third when Hondo pulled to within 6 points with a minute remaining in the period.

Otherwise, Medina Valley led by 10 to 15 points most of the way.

The Panthers cashed in on 24 fouls called against the Owls, hitting 22 for 37 at the line. Medina Valley was called for 17 fouls, and the Owls were 12 for 23 at the free throw line.

Mrs. Guido Richter and Mrs. George Dawson have returned from a trip to San Angelo to visit relatives.

Hondan is arrested

Joe Yuarde, 19, of Hondo, was arrested earlier this week by the Medina County Sheriff's office on charges of possession of marijuana.

Yuarde was taken into custody on a warrant from Fredericksburg, and was taken there by officers from that city.

1970 rainfall

summarized

for D'Hanis

Herman Ney of D'Hanis has reported the following statistics on rainfall for the year of 1970:

January, .50; February, 2.80; March, 1.00; April, None; May, 6.25; June, 2.25; July, 2.20; August, 1.50; September, 6.30; October, .70; November, None; and December, None.

Total for the year of 1970, 23.50.

Dope possession, sale charges filed on three

Two Hondo men were arrested on dope charges last Thursday, and a third apprehended Saturday. All were charged with possession and sale of marijuana.

Arrested Thursday were Joe F. Garza, 21, and Johnny Morales, 21. Armador R. Santos, 26, was picked up Saturday.

Bond was set at \$10,000 for

each accused.

The arrests followed investigations by Hondo City Police, the Medina County Sheriff's office and Department of Public Safety Narcotics Division officers.

Merchants stock show fund started

Each year, some merchants contribute to a pool for the purpose of purchasing livestock at the Medina County Junior Fat Stock Show auction.

The Hondo Chamber of Commerce acts as a collection point for this fund. Merchants who participated in this pool last year will be notified by letter but any other merchant who wishes to assist local students who exhibit livestock at the show are welcome to send their checks to the Hondo Chamber of Commerce.

Many merchants attend the auction and bid on stock individually. This pool is for those merchants unable to do this. The auction will be held at the show grounds Feb. 1 and 2.

Carrot field day set for Tuesday

A carrot variety field day will be held at the Bob Van deWalle farm, one and a half miles west of Hondo on FM 1250, Tuesday, Jan. 26, starting at 3 p.m.

Approximately 100 carrot varieties, breeding lines, and hybrids will be observed and evaluated for their potential use in the San Antonio-Winter Garden area. Many of the older varieties plus most of the new and soon-to-be released varieties and hybrids are included in the trial.

All entries will be compared and evaluated for characteristics such as earliness, u-

niformity, internal and external color, size and disease resistance. Representatives from the Texas Agricultural Experiment Station, Extension Service, and several seed companies will be available for grower questions and discussion.

All vegetable growers and shippers, as well as agribusiness personnel are encouraged to attend and participate in the field day.

This event is sponsored by the Texas Agricultural Experiment Station and the Texas Agricultural Extension Service.

Wiemers makes honor roll

Timothy Oren Wiemers, son of Mr. and Mrs. Alvin J. Wiemers of Hondo, is among the 51 students who made the Dean's Honor Roll in the fall semester at Southwest Texas Junior College, Uvalde.

In order to make the honor roll, a student must be enrolled in at least 15 semester hours and achieve a grade-point average of 3.6 or higher. SWTJC uses the four-point system (an A is 4 points).

Owls host Poteet Friday

Hondo, 3-3 in district 28-AA, hosts the Poteet Aggies Friday night in the local gym. The Aggies managed their first district win of the season last Friday when they defeated Southwest.

In other district games Friday evening, Devine entertains Carrizo Springs in a game that could determine the district title. Through last Friday's game, both teams were undefeated in loop play.

Columbia goes to Medina Valley and Pearsall is at Southwest in the remaining district games.

Speakers Bureau announced at Ft. Sam Houston

Officials of Headquarters Fort Sam Houston have announced a Speakers Bureau to provide talks for clubs and organizations interested in hearing discussions on military related topics.

Speakers versed in general military police topics, the Army education program, personnel, comptroller, special services programs, military assistance to safety and traffic, and a number of others subjects are available to address groups.

Requests for speakers should be sent to: Commanding Officer, Headquarters Fort Sam Houston, Fort Sam Houston, Texas 78234.

Trio wins All-State grid honors

These three D'Hanis Cowboys were awarded berths on the Class B All-State football team. The Cowboys were undefeated in regular season play, and lost the regional championship in a close game to Agua Dulce at Barry Field. Ruben Rodriguez (second from right) was named to the All-State first

team offense at guard. Charles Burrell (second from left) and Ray Bendele won spots on the second team defense. Burrell was chosen at line backer, and Bendele at end. Joining the three gridgers for the photo are Pete Angermiller (l), assistant coach, and head coach Butch Woolls (r).

Drug education program slated

St. Louis Church in Castroville is sponsoring a drug education program for adults in the Castroville area.

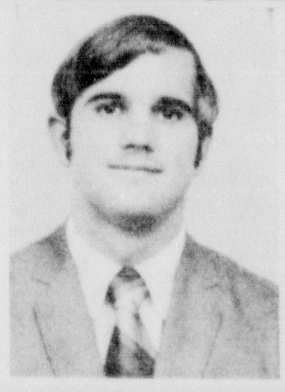

Plans are to have a panel discussion with the following people as speakers: a social worker, a pharmacologist, a representative of the law and an ex-drug addict.

Speakers are being sponsored by the Drug Education Center in San Antonio. This program will be held at St. Louis Parish Hall in Castroville on Sunday, Feb. 7, at 2 p.m.

Well, folks, as I am sitting here in the control room of KRME writing this article supposedly on radio stations, records, country artists and events happening on KRME, I keep thinking about my most enjoyable 10-day trip into the land of contrasts, Mexico.

The 2,500-mile round trip was packed with adventure meeting people, going to new places, viewing the most beautiful and scenic mountains and tropical terrain in the world and nursing an occasional headache. It's nice to be back home with my listening audience and those fabulous memories of a great holiday.

On the music scene at KRME, Sammi Smith has a great song hitting it big on both Country and Pop charts throughout the country, "Help Me Make It Through The Night", on the MEGA label. You will find it number six on this week's Top 20 Survey.

Speaking of the hit list, our new #1 song, "Rose Garden", is done by Lynn Anderson,

daughter of Liz Anderson, and our Pick Hit, "Lookin' Out My Back Door", the artist Buddy Alan, is in real life the son of Buck Owens and recording on the same label as the old man, CANTOL.

School is now back in full swing after the holidays and we appreciate seeing your smiling face dropping by from time to time at our beautiful studios at 1605 Avenue K. We would like to remind you that the request line is always open. Give us a call at 426-3367.

A new stock of bumper stickers has just arrived and if you need a new one for your car, truck, bike or in some cases airplanes, feel free to stop by, have a cup of coffee, visit awhile and get your sticker, just be careful where you stick it.

Well friends and neighbors, must close for now. I'll see you on the 1460 spot on your AM dial.

Remember: It's nice to be important but it's more important to be nice.

Employees stay put at Brown's

In personnel retention Brown's Nursing and Convalescent Center in Hondo can boast of one fact.

Four of the original six employees who started with

Brown's in 1964 are still employed there.

These include: Mrs. G. E. (Alicia) Pedroza; Mrs. Angella Luma; Mrs. Joe (Dioncia) Perez; and Mrs. Cecilia Bendele, LVN.

Mrs. McCartney directs nurses

Mrs. Fay "Tiny" McCartney, R.N., is director of nursing service at Brown's Nursing & Convalescent Center in Hondo.

A 1942 graduate of Santa Rosa School of Nursing, Mrs. McCartney has been with Brown's in Hondo for four years.

Mrs. McCartney is on call 24 hours, seven days a week.

She works daily from 7 a.m. to 3 p.m. Monday through Friday.

Her continuous nursing experience for 29 years includes: hospital, public health nurse for Medina County, and orthopedic surgery.

Mrs. McCartney was born and raised in Hondo and has made her home here for the past 20 years.

Social Security

Questions answered

QUESTION: As used in the Social Security Act, what does "fully insured" mean?

ANSWER: Generally a worker must be fully insured before retirement, disability, or survivors insurance can be paid. The term "quarters of coverage" is used to measure the length of time for which one has received credit for work under social security. Quarters of coverage then determine when a worker is fully insured.

QUESTION: My husband is 59 years old, and he receives disability insurance. Will this affect the amount of his retirement benefits when he is 65?

ANSWER: No. Retirement benefits are not reduced because a beneficiary has received disability payments before age 65.

QUESTION: I have heard that a woman can get benefits at age 60. Is this correct?

ANSWER: A widow can receive benefits on her deceased husband's record at age 60, but a wife filing on her husband's record or a woman filing on her own record must be at least 62 years old.

REPRESENTATIVE DUE IN HONDO TUESDAY

Your social security representative can answer any of your questions about Medicare. See him! Your representative Mrs. Fry, will be in Hondo at the District Courtroom of the Courthouse on Monday, Jan. 25 at 8:45 a.m. and in Castroville at the City Hall Library Room on Monday, Jan. 25, at 2 p.m. Mrs. Henry and Mrs. Guidry will be in Devine at the Municipal Building Wednesday, Jan. 27, at 8:45 a.m.

Personnel doubles with new addition

The recent 40 bed addition at Brown's Nursing and Convalescent Center in Hondo brought about a doubling of the number of persons employed there.

When Brown's first opened in Hondo in 1964 it employed six or eight persons. At the time it moved to its present site, 12 were employed. That number had grown to about 19 prior to the building of the new addition.

Today the personnel total stands at 38. Broken down these include: two office, one dietician, one janitor, one housekeeper, one laundry, six cooks, two cook helpers, one Registered Nurse, four Licensed Vocational Nurses, 17 aides and two orderlies.

A list of the current employees includes: Fay Mc-

Cartney, R.N.; Carolina Moreno, Lois Nolte, Marcia Bless, Cecilia Bendele, all LVN's; Alicia Pedroza, Jesusa Soliz, Ella Blackshear, Ramona Rodriguez, Mary H. Gomez, Rachael Leal, all aides.

Other aides are Herminia Coberra, Rosa Filon, Narcissa Pedroza, Berniece Rhea, Elida Gonzales, Olivia Martinez, Haroldine Patterson, Ermalia Gonzales, Euleteria Tapia, Fannie J. Britsch, Hattie Bryant, Willeta Ligon and Lou Ann Evans.

Orderlies include: William Pickthall, Michael Cummings.

Others are Aurora Hernandez, Soyla Resendez, Ester Rodriguez, Lupe Guajardo, Mary Mares, Pasqual Gonzales and Antonio DeLeon.

Mrs. Imogene Bohmfalk is administrator and Francis Dillard is the bookkeeper.

Intensive care provided

Residents needing intensive care are well provided for at Brown's Nursing and Convalescent Center in Hondo. This room is designated for that pur-

pose and the care is administered by Lois Nolte, LVN, left, and Marcia Bless, LVN, and others.

Caution can prevent fires

When yearly fire losses mount into the billions of dollars, it's time to take a second look at what can be done to prevent such gigantic waste of property, jobs and lives.

In the final analysis, almost all fires are caused by management's tolerance of fire-producing conditions and employees careless work habits. As manager, it is your responsibility to remove these causes. Here are the main sources of fire you need to guard against:

1. Electrical -- Proper maintenance of wiring, electrical motors, switches, and automatic control devices is vital if this number one source of fires is to be held in check. Make sure unguarded light bulbs are protected by wire guards to prevent contact with combustibles.
2. Heat & Sparks of Fric-

tion -- Worn, out-of-adjustment, or poorly lubricated machinery may get hot enough to start a fire from friction or sparks dropped onto flammable materials. Good housekeeping and maintenance of equipment are important preventive measures.

3. Flammable liquids -- Extreme care is necessary to prevent fires. Vapor can travel long distances and collect in low areas. If it reaches a flame or spark, vapor ignites and flashes back to the source in a destructive explosion. Watch out for gasoline, benzol, acetone and other similar liquids which can be ignited easily. Sparks from static electricity are particularly dangerous.

4. Cutting and welding torches -- Each spark can start a fire, even 25 feet

away. These bits of molten metal drop into cracks or other openings and easily start fires out of view which may smoulder for hours before breaking out. Extreme care is needed, before, during and after use of torches.

5. Self starting fires -- Trash containing animal or vegetable oils is subject to spontaneous combustion, particularly when piled up or placed in boxes or other enclosed areas. Be sure to clean up this type of waste promptly and put it in a metal wastecan, preferably with a self closing cover. If a fire starts, it will do no damage.

Good housekeeping will remove many chances for fires. Daily cleanup and emptying of trash to a safe place should be routine procedure. The cleaner your plant, the safer it is from fire.

He's number one

Mr. August Saathoff, seated, was the first resident back in 1964 when Brown's Nursing and Convalescent Center opened its doors in Hondo. Today he is hale and hearty and will celebrate his 97th birthday soon.

Here he poses with owners of the home, Mr. and Mrs. Werner Moldenhaur, of Fredericksburg, right, and Mrs. R. E. (Imogene) Bohmfalk, administrator.

Memorable events are observed here

Memorable times have been observed by residents of Brown's Nursing and Convalescent Center in Hondo.

Mr. August Saathoff and his wife, the late Julia Saathoff, celebrated their 70th wedding anniversary at Brown's. They both were among the first residents when Brown's opened in 1964. Mrs. Saathoff passed away January 6, 1969.

The late Paul and Ida Reinhart also lived at Brown's and while there celebrated their 72nd wedding anniversary.

Reaching 101 is something to celebrate and that is just what the late Casper Schweinfurt of Brawley, California

did while at Brown's.

He lived there four months and observed his 101st birthday. Later he went with his son back to California where he passed away and is buried in Sabinal.

While at Brown's he used to tell about when he came to the United States from Germany. He got off the train at Hondo and said there were very few houses and buildings here at that time. He then settled in the Utopia area.

When asked about his long life and to what he attributed such longevity, he would jokingly reply, "Smoking cigarettes, drinking hard liquor and living with one woman."

Yellow rose of Texas decorates desks

State Representative John Poerner of Hondo sent this picture of the yellow roses and Uvalde honey which were used to decorate the desks on members of the House of Representatives on opening day of the legislature this week.

Physical therapy available

A modern, well equipped physical therapy room is available for residents of Brown's Nursing and Convalescent Center in Hondo. Director of

Nursing Service Mrs. Faye "Tiny" McCartney, left, and Caroline Moreno, LVN, show off the room in the new wing.

Residents are proud of center

Residents at Brown's Nursing and Convalescent Center in Hondo are proud of the many modern facilities they enjoy.

The center provides two spacious living or recreation rooms where residents can enjoy television, games, visiting or just plain relaxing.

One lounge boasts a color television set which has been a big attraction. In fact the residents used to play a lot of dominoes and pitch, but the color TV has slowed these activities for a while.

Local people and organizations help provide entertainment and enjoyment to the residents. The Catholic Church holds services on the first Friday of each month and Protestant churches hold services periodically.

Hondo Garden Club members have been faithful to come in with parties and other activities. "And many volunteers give of their time to see our residents are happy," said Mrs. Imogene Bohmfalk, administrator.

Excellent nursing care

The finest in nursing care is offered on a 24-hour basis at Brown's Nursing and Convalescent Center in Hondo. Three of the personnel offering this service are pictured at the Nurse's Station in the new 40-bed

wing. Director of Nursing Service is Mrs. Faye "Tiny" McCartney, R. N., seated, who is being assisted here by Ermilia Gonzales, aide, left, and Caroline Moreno, LVN, right.

When area residents visit Brown's Nursing and Convalescent Center in Hondo during their Open House from 2 to 5 p.m. Sunday, January 24, they will see a far different facility than when it began back in 1964.

Faces are familiar

There are two faces at Brown's Nursing and Convalescent Center in Hondo that fit the description of "familiar faces."

They are Mrs. Annie McCoy and Mr. August Saathoff.

Both Mrs. McCoy and Mr. Saathoff were among the first residents of Brown's when the center opened in 1964 and they still are at home there.

Center has 70 beds now

Brown's Nursing and Convalescent Center in Hondo has recently completed a 40-bed addition, which gives the facility 70 beds.

The Nursing Center offers 24-hour nursing care and all diets are prepared by a licensed dietician.

Mrs. R. E. (Imogene) Bohmfalk, administrator, says: "We are licensed with the State Department of Public Welfare and are Medicaid approved, therefore all Old Age Assistance recipients are accepted at our Center.

She also emphasized that Brown's "accepts all patients regardless of race, creed or color."

Brown's offers a physical therapy room, beauty shop and the entire modern construction is completely air conditioned and centrally heated.

The present day nursing facility recently completed a 40-bed addition which provides this South Texas area with a 70-bed facility.

It boasts modern and attractive furnishings and equipment throughout and the owners, Mr. and Mrs. Werner Moldenhaur of Fredericksburg justifiably feel Brown's provides the best nursing care in South Texas.

Brown's offers 24-hour nursing care; meals are supervised by a licensed dietician; a physical therapy room is available for use; and some of the modern luxuries include a beauty shop and complete air conditioning and central heat.

The Hondo facility is licensed with the State Department of Public Welfare and is Medicaid approved. Therefore, all Old Age Assistance recipients are accepted. "We accept all patients regardless of race, color, creed or income," Mrs. R. E. (Imogene) Bohmfalk, Administrator, said.

Brown's first began business in Hondo back in 1964 in the old hospital building which was purchased from Mrs. Mary Cook. It had about 20 residents and six employees. Two of these residents and four of these employees are still at the home. The home moved to its present location on Avenue E in 1965.

It now offers a 70-bed capacity and has 28 employees to provide services for its residents.

Mr. and Mrs. Moldenhaur also own a nursing center in Fredericksburg and divide their time in supervising the two. Mrs. Moldenhaur is a registered nurse. Mr. Moldenhaur retired in 1969 after 32 years with the East Texas Motor Freight company.

The two, along with Mrs. Bohmfalk, extended a warm welcome to everyone at the Open House on Sunday afternoon.
